

SUBSTITUTE CALL-OUT SYSTEM

Within substitute categories, the system randomizes the list.

CATEGORIES

- 1. CORE**
- 2. PROP A**
- 3. PRIORITY**

A "requested" (by site or teacher) substitute will trump the system most of the time.

Many schools have "preferred" substitute lists that they go through. Obviously, it is in any substitute teacher's best interest to become site/teacher "preferred."

When an individual is refused access to accept an assignment the system has not yet randomly selected indicates that the individual's name has not yet been randomly selected for calling.

There are now a whole series of numbers to call at 555 Franklin, none of which will give you direct access to a human being:
