Linda Plack, Executive Vice-President

**The SubWay**

August/September 2007  
Liz Conley, Vice President-Substitutes

**WELCOME BACK**

Hope everyone had a pleasant, relaxing summer, whether in foggy San Francisco or in sunnier climes.

**INTRODUCTION**

I am Elizabeth (Liz) Conley. I was elected VP for Subs last June. I can be reached by email, [econley@uesf.org](mailto:econley@uesf.org), and by phone at extension 20. My schedule will vary, however I expect to be in the office most Tuesdays, Wednesdays, and Fridays.

**ONGOING CONCERNS**

- the “new” computer/phone system, which at times seems to be controlled by aliens.
- the District’s seeming inability to keep up with changes in substitutes’ status.
- the general lack of respect accorded substitutes.

- health care benefits as part of the City Health Program.
- administrative support for discipline problems in the classroom.
- mediation prior to issuance of a “do-not-send’ letter.

**FACT SHEET**

I have constructed a short “Substitute Fact Sheet”, included in this mailing. Subs need to make many copies of, to fill in after each assignment, and send to me at the Union office. We will collect the forms so that we have information on substitute working condition to share with the District.

**TRAINING**

There will be a paid training session for all new substitute teachers, date to be announced. The program is a joint venture of SFUSD/UESF to provide information about District policies that concern substitutes as well as to support classroom effectiveness.

**CONTRACT**

By now you have all seen the contract and those parts of it that pertain to substitutes. Be aware that the Union continues to lobby for health care for all subs who are San Francisco residents.
