

San Francisco Educators Need Your Support!

Educators throughout the city are welcoming your children back to school and we are committed to making sure all of our students have access to safe, stable and supportive schools.

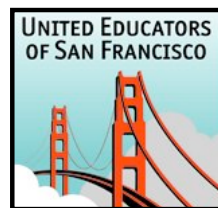

The key to student success is directly tied to the school district's ability to attract and retain quality educators. But every year we lose hundreds of educators because they can no longer afford to live in the city.

Our work environment is your child's learning environment and that is why we are asking you to stand with us to demand a fair contract for San Francisco educators now!

"We're a fourth generation SFUSD public school family and we support a fair contract for our educators."

-- Mr. and Mrs. Samoa, Parents from Rosa Parks Elementary School
